DETAILED ACTION

Allowable Subject Matter

1. The indicated allowability of claims 20-27 in the notice of allowance mailed 11/15/2006 is withdrawn in view of a 101 rejection as described below.
2. Claims 1-19 are allowed.

Claim Rejections - 35 USC § 101

3. 35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

Claims 20-27 are rejected under 35 U.S.C. 101 because the claimed invention is directed to non-statutory subject matter. The examiner has determined that claim 20 and the claims that depend thereof, fail to provide a practical application that produces a useful, tangible and concrete result. Claims 20-27 lack the proper preamble necessary for a statutory computer program product claim. See MPEP 2100 for guidance on computer related inventions.
